

# Abilities Assessment

## Directions

1. Below you'll find skills and abilities we've identified as tying in with specific serving teams at Revolution. We recognize there are far more skills and abilities than those listed, so there's room for you to add things at the bottom.
2. Go through and circle any skills or abilities with which you have. Feel free to expand on your specific level of experience with each on the line below.
3. There are no right or wrong answers, this is simply a tool to help you discover how you can use your giftings and experience to serve others.

## **Skills:**

Medical

---

Counseling

---

Financial

---

Education

---

Child Care

---
